

Dear beings of light.

Consistent with the new human paradigm that was activated within the matrix of Gaia your planet Earth at the end of your earth year 2012, I say this to you: -

The frequency of the new human paradigm of the heart is now in full activation within you and in all life forms on that which you call your planet Earth. This occurred within the Solstice /Planetary alignment portal of December 2020 that all moved through. Therefore, consistent to the changes in evolutionary frequencies, I Michael, draw to your attention to my blue flaming sword that symbolised the energetic frequencies of my nurturing and mentoring of mankind and all creations. This symbol was needed in your fear based survival of the fittest paradigm. This symbol and paradigm are now obsolete.

My new support symbol was initially shown to the receiver of these words in 2014. She has been asked to take this transmission to bring this symbol to your awareness.

A tube of vibrating crystal white light is now the symbol of the energetic frequencies of my protective support and mentoring influence of all life forms upon your planet. This can be used by you as a subtle wand to transmute and transcend. For the light tube contains higher frequencies of the soul which in mankind are the highest frequencies of the heart - unconditional love, peace, harmony, joy, gratitude, forgiveness.

To those who wish to depict me in my truest form (as this channel) I give my thanks to all creatives who choose this route of expression, exploration and enlightenment.

May the blessings of your heart - your connection to your divine soul and the Creative Source of all that is, guide you, serve you and protect you in the coming decade. Remember I am but a thought away.
